YOUR FUTURE SCIENCE STUDENTS NEED YOU!

Apply for the Robert Noyce
Physics Teacher Education
Scholarship Program at TCNJ

Sponsored by The National Science Foundation

Got what it takes to be a physics teacher? Get a scholarship to help cover your studies.

The College of New Jersey (TCNJ) offers full tuition scholarship opportunities for students pursuing physics teacher certification. With highly acclaimed programs in both physics and teaching, TCNJ is the perfect school for gaining knowledge and experience in both fields. Plus, doing undergrad research means you'll graduate as a skilled scientist with invaluable experience beyond the classroom.

Top 5 reasons to explore a physics teacher education scholarship at TCNJ

- Physics Department ranked in **top 1% in the nation**
- Respected teacher education programs and **real-world learning experiences**
- Hands-on, research-based undergrad program with **state-of-the-art facilities**
- **Supportive peers** and **exemplary** faculty, plus early-career mentoring
- **7 full scholarships awarded** each year (with recipients committing to a two-year teaching assignment in a high-need school). Additional funds available for financial support on full-time research opportunities.

Flex your mind. Explore your aptitudes. Launch your career.

Pursuing your physics teacher certification at TCNJ positions you for a rewarding career so you can make a difference for future science students, especially in schools that need it most. Your TCNJ education will make you a well-qualified scientist and physics teacher, in a field with strong employment prospects and job security.

89
percent of TCNJ Science students report academic satisfaction as excellent or above average.

How to Apply

For scholarship consideration, complete TCNJ's Common Application form and select "Physics-Secondary Education (or Physics)" as primary program of study. Students must declare an official TCNJ program of study to be eligible for the Robert Noyce Physics Teacher Education Scholarship Program.
